## Course Selection Form

**Level II**

Name: \_\_\_\_\_

Advisor: \_\_\_\_\_

### REQUIRED COURSES

Put a checkmark in the box in front of your selection in the appropriate subject areas listed.

#### Science (4 credits required over 3 years)

- Biology 3201
- Chemistry 2202
- Earth Systems 3209
- Physics 2204
- Environmental Science 3205 (General)

#### Mathematics (4 credits required over 3 years)

- Math 2200 (Advanced – 80+ Recommended in 1201)
- Math 2201 (Academic)
- Math 2202 (General)

#### Language Arts (6 credits required over 3 years)

- English 2201 (Academic)
- English 2202 (General)

#### Social Studies (4 credits required over 3 years)

- Social Studies 3201 (Academic)
- Social Studies 3202 (General)

#### French Immersion (4 credits required each year)

- Français 2202
- Sciences Humaines 1231

### ELECTIVE COURSES

Select courses from those below for a total of 14 credits on this page.

#### Fine Arts (2 credits required over 3 years)

- Applied Music 2206 (Guitar & Ukulele)
- Applied Music 3206 (Guitar & Ukulele)
- Drama 2206
- Ensemble Performance 2105 (Band – After School)
- Visual Art 2202
- Visual Art 3202

#### Optional Language (2 credits required over 3 years)

- Drama 2206
- French 2200
- French 3200
- World Literature 3207
- Writing 2203

#### Physical Education (2 credits required over 3 years)

- Phys. Ed. 2100 / 2101

#### Other Required Credits

4 credits required over 3 years from 2 different subject areas – exception is French; you can complete 2 French courses to satisfy this category

**Religious Education:**  World Religions 3101 / 3106

**Technology Education:**  Computer Science 1204

Skilled Trades 1201

Occupational Health & Safety 3203

Power & Energy 3201

**Family Studies:**  Human Dynamics 2201

Textiles 3101 / Nutrition 3102

### ALTERNATE COURSES

Select two courses from the list which may be used as replacements for elective courses chosen above.

1.

## Course Descriptors and Notes

**Applied Music 2206/3206** – This course is designed for the beginning, intermediate and advanced guitar and/or ukulele player. Study is based on the individual student's level. Students do not need to have their own instrument.

**Computer Science 1204** – This course provides opportunities to build skills in both block-based and text-based programming languages. Students' purpose for programming is to control physical devices, such as sensors and motors. Students will use their coding and interfacing skills to develop a solution to an authentic problem in an innovation challenge.

**Drama 2206** – Explores the various areas of Drama through different dramatic forms. This is not a performance based course but active student participation is required.

**Ensemble Performance 2105 (Band)** – This course takes place outside of the instructional day. Students who select this course can take 15 credits.

**French 2200** – Core French. This is a communication course aimed at developing speaking, reading, writing and representing ideas in French. Instruction and evaluation are thematic and project based.

**French 3200** – *Pre-requisite is French 2200.* This is a communication course aimed at developing speaking, reading, writing and representing ideas in French. Instruction and evaluation are thematic and project based.

**Human Dynamics 2201** – Students explore each family member's role within the family unit. This course has a "Real Care Baby" that each student will have to care for over a 48 hour period.

**Math 2200** – This course is intended for students who wish to study sciences, engineering, mathematics, or business in university.

**Occupational Health and Safety 3203** – This course is designed to introduce students to occupational health and safety principles as they prepare to enter the workplace in their chosen careers.

**Phys. Ed 2100/2101** – This course is an activity based course which focus on developing and understanding personal movement skills that contribute to an active lifestyle throughout life.

**Power & Energy 3201** – This course investigates how small engines and energy systems work. Students also learn how to repair and assemble small engines.

**Skilled Trades 1201** – This course explores skilled trades (carpentry, plumbing, electrical, drywall, plastering and painting) through hands on application.

**Textiles 3101 / Nutrition 3102** – Textiles 3101 guides students through a study of apparel and household textiles. Nutrition 3102 examines an individual's overall health and the factors that influence it, such as media, lifestyle, and medical history.

**Visual Art 2202** - This is a studio-based course that will enable students to develop their knowledge and skills in visual arts through practical application within five visual art disciplines.

**Visual Art 3202** - An advanced studio-based course that will enable students to further develop their knowledge and skills in visual arts through practical application within five visual art disciplines.

**World Literature 3207** - Offers exposure to a wide range of texts chosen from numerous cultures and countries. Immersion within these texts provides students the opportunity to explore a multitude of world views while developing, reshaping or enhancing their own.

**World Religions 3101 / 3106** – This course is designed to explore the world's living belief systems. Throughout the year 14 different religions / faiths are studied.

**Writing 2203** – Designed to accommodate a wide range of student interests and abilities and offers students an opportunity to explore writing as a means of personal expression as well as a method of communication.
